DIRECTIONS FOR USE

RESTRAINTS

DO NOT apply to field grown tomatoes

Shake can well before use

Grey Mould (*Botrytis cinerea*) on glasshouse tomatoes: Spray a 1 second burst directly on to the wound from a distance of 10-15 centimetres.

Spray the wound immediately after removing the leaf, branch or truss.

Notes:

1. Tomato plants should be over 1 metre tall to ensure that stems are lignified.
2. Do not spray soft leaf tissue as damage will result.
3. Do not spray directly onto fruit.
4. Do not apply more than 4 one second bursts to a single plant in a 7 day period.

USE THIS PRODUCT ONLY AS DIRECTED

WITHHOLDING PERIOD

DO NOT harvest for one day after application

GENERAL INSTRUCTIONS

SCOMRID LIMB AEROSOL is an aerosol containing a systemic fungicide active against the fungal disease Grey Mould (*Botrytis cinerea*) on tomato stems that gains entry to the plant through pruning wounds and other injuries. The active ingredient penetrates the plant tissue and provides protection over a long period. The aerosol contains a green dye as an indicator to ensure that good coverage is obtained.

FUNGICIDE RESISTANCE WARNING

GROUP 3 FUNGICIDE

SCOMRID LIMB AEROSOL FUNGICIDE is a member of the DMI group of fungicides. For fungicide resistance management the product is a Group 3 fungicide. Some naturally occurring individual fungi resistant to the product and other Group 3 fungicides may exist through normal genetic variability in any fungal population. The resistant individuals can eventually dominate the fungal population if these fungicides are used repeatedly. These resistant fungi will not be controlled by this product or other Group 3 fungicides, thus resulting in a reduction in efficacy and possible yield loss. Since the occurrence of resistant fungi is difficult to detect prior to use, Certis Europe B.V. accepts no liability for any losses that may result from the failure of this product to control resistant fungi.

PRECAUTIONS

Keep out of reach of children

FLAMMABLE: DO NOT store or use near fire or flame.

BEWARE: Deliberately sniffing or inhaling concentrated spray can be harmful or fatal.

STORAGE AND DISPOSAL

Pressurised dispenser. Protect from sunlight and do not expose to temperatures exceeding 50°C. Do not pierce or burn even after use. Recycle empty cans if a facility is available, or place can in garbage.

SAFETY DIRECTIONS

Will irritate the eyes. Repeated exposures may cause allergic disorders. Avoid contact with eyes. Sensitive workers should use protective clothing. If product in eyes, wash it out immediately with water. When using product wear elbow length PVC gloves. Wash hands after use.

FIRST AID

If poisoning occurs, contact a doctor or Poisons Information Centre. Phone Australia 13 11 26;
New Zealand 0800 764 766.

If sprayed on skin, wash thoroughly. If sprayed in mouth, rinse mouth with water.

SAFETY DATA SHEET

If additional hazard information is required refer to the Safety Data Sheet. For a copy, visit our website at agnova.com.au

CONDITIONS OF SALE

Certis Europe B.V. and AgNova Technologies Pty Ltd shall not be liable for any consequential or other loss or damage relating to the supply or subsequent handling or use of this product, unless such liability by law cannot be lawfully excluded or limited. All warranties, conditions or rights implied by statute or other law which may be lawfully excluded are so excluded. Where the liability of Certis Europe B.V. and AgNova Technologies Pty Ltd for breach of any such statutory warranties and conditions cannot be lawfully excluded but may be limited to it re-supplying the product or an equivalent product or the cost of a product or an equivalent product, then the liability of Certis Europe B.V. and AgNova Technologies Pty Ltd for any breach of such statutory warranty or condition is so limited.
