

Innovation. Quality. Solutions.

BORONIA Mo

Calcium

Liquid

The AgNova Nutrition Range

Boronia Mo™ - A foliar fertiliser with boron and molybdenum in balanced proportions, designed to be applied to foliage or soil.

Wuxal® Calcium and Wuxal® Calcium Xtra Uptake -

A proven suspension concentrate formulation containing nitrogen, calcium, magnesium and trace elements, specifically designed for foliar application to crops for the prevention of calcium deficiency.

Wuxal® Liquid - Formulated for optimum uptake in fruit, vegetable field crops and in nurseries, a high-quality balanced NPK plus micronutrients liquid foliar fertiliser with a proven track record.

Tank Mixing and Physical Compatibilities

The AgNova Nutrition Range has been tested in the laboratory for physical compatibility in a range of two-way mixtures that include many commonly used products.

Results are summarised in the table below, and must be read in conjunction with the notes on page 4.

TANK MIX PRODUCT	PHYSICAL COMPATIBILITY			
	BORONIA MO	WUXAL CALCIUM	WUXAL CALCIUM XTRA UPTAKE	WUXAL LIQUID
Water	✓	under agitation	under agitation	✓
Fungicides				
Aero* 550+50 DF	✓	N.T.	N.T.	N.T.

It is essential that growers read the labels of potential tank mix products thoroughly for any use restrictions that may apply, and conduct their own small scale trials prior to mixing and applying commercial quantities.

Please Note:

- The AgNovo Nutrition Range has been tested for physical compatibility in Australia with only the brand names listed in this AgNote, and with formulations of each product available at time of testing. Environmental conditions and product formulations can influence crop safety and may impact the result under local conditions, regardless of the findings presented herein. Hence, this information should be treated as a guide only.
- It is essential that growers read the labels of potential tank mix products thoroughly for any use restrictions that may apply, and conduct their own small scale trials prior to mixing and applying commercial quantities.
- It is strongly recommended that no more than one product is tank mixed with the nominated fertiliser product.

The information provided herein may include extracts from the product label and does not constitute the complete directions for use. READ THE PRODUCT LABEL THOROUGHLY BEFORE OPENING OR USING AGNOVA PRODUCTS
